Helping Build Healthy Communities
Mechanisms by Which Adverse Childhood Experiences Influence Health and Well-being Throughout the Lifespan
Beyond ACEs: Building Community Resilience

Petersburg, VA
June 1-3, 2017
BEYOND ACES: BUILDING COMMUNITY RESILIENCE

Purpose:

- Educate members of the community about ACEs
- Create a common language within the community about ACEs and Community Level Trauma
- Share tools and resources to address ACEs and build community resilience.
- Share practices and create connections to sustain the community’s efforts to build resilience and improve the quality of life for all residents.
And Then There is Always Hope
