

Adult Dental is in the FINAL Budget!

Yesterday Virginia's General Assembly met and voted on the final budget, **this budget includes funding for an adult dental benefit**. This means that beginning on July 1, 2021, all Virginians enrolled in Medicaid will have access to a comprehensive dental benefit!

Virginia Health Catalyst is hard at work to make sure every member of the health care community is excited and prepared for the benefit rollout. Stay tuned in the weeks ahead for upcoming informational webinars and new materials for providers, home visitors, community health workers, and patients.

Thank you again for the tireless support for this important benefit!
